## Albany-Berkeley Council of PTA to Honor Founders

The significance of Founders' Day, commemorating the 62nd anniversary of the National Council of Parents and Teachers, will be interpreted to the twenty-two members of the Albany-Berkeley Council of PTA and Teachers who convene on Monday, January 2, at 1414 Walnut Street, Berkeley, at 9:45 a.m. The program will be done by Mrs. Gregor, Council Founders' chairman, who will be presented to the Council members by Mrs. Alden Cox, president.

There has gone far since Alice Birney and Phoebe Apperson Hearst started with a group of women to strengthen the ties between the home and school, and to work for passing laws affecting the welfare and health of children. In early days of the Parent-Teacher Congress, it was conducted with the fact that there were forty-three orphan asylums in the state and that aid to the needy in these institutions was at the age of fourteen. The PTA urged the creation of a Children's Department and a bill for fathers to support their children.

In 1930, the California Congress has continued to urge study of school finance and has supported school construction bonds. It has been represented on committees for the study of teacher salaries and teacher recruitment. Laws pertaining to needy children, child labor, and juvenile delinquency have been of continuing interest. The problem of sex offenses is always under study by committees of the State Board of Education. Education regarding harmful effects of narcotics and alcohol has been a concern of the Congress since 1917 and is of definite interest for the session of the legislature.

Including the meeting, a parliamentary skit, with special emphasis on annual PTA elections, endeavor to show Council members how to and how not to conduct election meetings. This is arranged by Mrs. Orville Council parliamentarian. Addressing the presidents' meeting at 12:30 will be Mrs. Grace Lane, Albany High School president, at her home on Grand Avenue in Albany. The other Albany unit presidents assist her: Mrs. Jack McConnell; Mrs. James McGregor; Mrs. Lee Seim; Mrs. Thomas Vesta.

## Albany Workers Ready to Start On Heart Drive

Mrs. William J. Koser, Community Chairman for the Albany Heart Sunday campaign, set for February 13 in all communities of the county, reports that Albany leadership is now 100 per cent and almost all workers, "door-bell-ringers" are recruited.

However, interested women who wish to participate in this one day campaign to raise funds for heart research, education and community service can call the Heart Association to volunteer. They will be given an assignment as close to their home as possible and their kit will be mailed to them. On Heart Sunday these women will call on their assigned territory — only ringing the doorbell once, with no call backs — and then they will take their money to the District Captain for counting and tallying.

The Alameda County Heart Association is not a member of any "united" group so this Heart Fund campaign is the only time Albany citizens can give to support heart research, education and community service in their local community. Volunteers may call Higate 4-3568 or write to the Association at 121 E. 11th Street, Oakland.

## Chamber Chatter

By IRENE GROVE  
"YOU . . . on Capitol Hill in Washington or Sacramento?"

If you are a business man or woman interested in the progress of your own business and future of your city, state, and nation, the answer is an emphatic YES! Your voice should ring out in the halls of our National and State Capitols. Your opinion is wanted there.

The National Congress and your State Legislature faces more issues which will affect your business and community than have any previous sessions. It follows that the business viewpoint must be reflected there . . . strongly, intelligently, and effectively.

And what is the business viewpoint? Where does it come from? Where else than from YOU.

We are not suggesting you hop the next plane to Washington or to Sacramento . . . through your Chamber of Commerce you have the opportunity to learn what this legislation is and what effect it will have on your business and lives.

Your Chamber of Commerce is forming a Congressional Action Committee with a very excellent and informed chairman, John Pleich Jr., to study these issues that will affect us locally.

Your Chamber president, Ernest Dix and your manager attended a United States Chamber of Commerce sponsored meeting in San Francisco Tuesday, January 27 of area managers and presidents to learn more about a chance for you to team up with other businessmen throughout the country so that your voice, too, can be heard on legislation that directly concerns your own business in so many ways . . . An opportunity at the same time to promote the American way of life and standard of living which are so closely related to your business operation.

It is the National Chamber's third annual Alrcade that brings top-flight Chamber officers and businessmen . . . traveling by plane to our area for an all-day meeting. This will give you a better understanding of Congressional issues and a chance to discuss how the issues affect you and you can work effectively with Congress and be more effective in your own political party.

The date is February 20 at the Fairmont Hotel, San Francisco. Information folders and reservation cards are available at your Chamber of Commerce office. Don't miss it!

Organization executives will soon receive the nomination blank for the 1959 Albany Junior Chamber of Commerce DSA Award. More are available at your Chamber of Commerce office. Don't forget the dinner, February 21, Claremont Hotel.

Also don't forget the American Legion Post No. 292 sponsored Championship Basketball Game between Cornell and Marin Schools. It is January 31 at Albany High. Proceeds go to the March of Dimes.

Solano Avenue Merchants Association has a most important meeting, Wednesday, February 4 at the Security Saving and Loan Association, 1337 Solano Avenue. Time is 8 p.m. and all Solano Avenue-merchants are urged to attend.

Additional investments for 1959 by your progressive firms in your Albany Chamber of Commerce are: Bank of America, Dagna's Market, Gaeta & Brophy, Attorneys, Albany Hospital, Key Transit System, The Lexicon Store, Mason and McDuffie Company, Pres-To-Logs Distributors of California, and the Oakland Tribune.

Camp Fire Girls of the local area have just taken on a new name, and in future are to be known as the "Codornices Council of Camp Fire Girls."

## DUMP COST ESTIMATE STARTLES COUNCIL

The Albany City Council seemed much encouraged a week or so ago when all that appeared to be necessary to a solution of the city dump problem was the driving of a few piles in the bay off the old dump, and then fencing it in to prevent loose rubbish from floating out into the bay.

Monday night the dream was shattered by a written report from the city's Administrative Assistant Robert G. Olson, and Acting City Engineer Louis R. Cunan detailing their estimate of what this apparently simple little job would cost.

The estimate listed as the initial cost of constructing the offshore fence as approximately \$17,500. Then, to operate the dump for a period of ten months, it would cost an additional \$13,500. In order to partially offset the construction cost, the estimate said, there would be a net return from dump fees over the period of about \$3,000. This would leave a net outlay of \$28,000, with the prospect of doing it all over again at the end of the ten-month period.

Mrs. Zahn questioned the accuracy of the figures presented and demanded that Olson and Cunan appear before the council next Monday and explain their figures. She made a motion to that effect, seconded by Councilman Donahue, and it carried unanimously. Mrs. Zahn declared the figures were all out of line, and said she would be willing to go for anything up to \$7,000, but no more. The city has the sum of \$5,000 in the budget labeled for the dump-fencing project.

Mayor Howell declared the figures appeared extremely high and far beyond what had been expected, but he said something had to be done. "I am getting a host of telephone calls every day asking when we will be able to re-open the dump," he said, "and something will have to be done very soon. We have to have a dump — the citizens are demanding it."

Another controversial subject came up when a letter was read from the Planning and Zoning Commission recommending reduction of rear yard and side yard requirements on Lots 1, 2, 3 and 4, of Block 2, Cerrito Hill, as requested by the contracting firm of Carter & Rago, and accompanied by detailed plans. Mrs. Zahn protested against granting the waivers on the ground that the firm did not have title to the property and therefore the council could not legally approve the waivers. Paul Rago of the contracting firm, who was present, said it was true that title had not passed to his firm, but that a contract of sale had been signed subject only to the granting of the waivers by the city. The matter was referred to City Attorney Foley who asked that the matter be held over until February 2 at which time he would render a formal opinion. There will be a public hearing of the matter on Monday, February 9.

## Albany Board of Education Issues Report On Finances of Adult Education Program

The Albany Board of Education at a recent meeting received from William Kerr, School District Auditor, a report on the financial status of the Adult Education program. Mr. Kerr reported as follows:

"We have examined the financial statements and records of the Albany Unified School District for the fiscal year ended June 30, 1958, and in addition to a formal audit report separately submitted, we have analyzed the cost and revenues of the Adult Education Program of the District. The following condensed statement, in our opinion, presents fairly the result of the operation of this program for the year covered, after all necessary adjustments and allocation of overhead for operation of the school plant, pension contributions, etc.

Several items of overhead charged to Adult Education do not represent actual additional expenditure of district funds, but allocation of expense has been made on the basis of use of school facilities for adult education purposes.

"Inasmuch as under the Civic Center Act, the District maintains and operates a recreation program, facilities for Senior Citizens and PTA's and provides

meeting rooms, etc., for other non-profit organizations without charge and without allocation of overhead, it may well be argued that making a charge to the Adult Education Program for custodial services, utilities, pensions, etc., when no similar charges are made for civic center activities, is discriminatory. We express no opinion on this point, but present this analysis of costs as our interpretation of a fair and equitable allocation of revenues and expenses for the fiscal year ended June 30, 1958.

Harold W. and May Ellis Olson and Yvonne A. Walkup of the Ellis-Olson Mortuary have just returned to Albany after attending a two-day Workshop Conference conducted by The Order of The Golden Rule, an international affiliation of dependable funeral directors.
